## Superintendent's Report

---

The making of a school budget at the present time of increasing costs, including teacher's salaries, is, at the best, a gamble. In Groton's case the problem of finances is most unpredictable. A few elementary children on the Dorchester side makes a big difference in elementary tuition and transportation. A thousand dollars disappears quickly. Teachers for rural schools are most difficult to find and only extra money will attract good teachers and draw them away from less difficult positions. A few high school pupils at \$320, or more, may cost us a thousand dollars very quickly. Conversely a few pupils not going to high school gives that much leeway. At the present writing the interplay of these factors points to a deficit of about \$700 for the current year. By the time of the annual district meeting this could change one way or another. We figure closely a good working budget at this time of year to be finally spent 18 months from now. We ask for your understanding of the problems which only time can dictate.

Respectfully submitted,

C. MAURICE GRAY

Superintendent

## **Report of Public Health Nurse**

Plymouth, N. H.  
January 7, 1957

Selectmen  
Groton, N. H.  
Dear Sirs:

The following is a report of the activities carried on for your town by the N. H. Department of Health, Bureau Public Health Nursing, for the year 1956.

The children in the town of Groton were included in the Salk polio vaccine program at the Plymouth clinics held in January, July, October and November. A good percentage of the eligible children between the ages of 6 months and 20 years took advantage of this opportunity and received two shots of the vaccine. The children who received their two shots in May and October 1955 also received their third or booster shots at the Plymouth clinic in November. It is hoped that vaccine will be available in 1957 to complete this program.

Home visits have also been made in the town on infants, pre-school children and mothers and assistance given them as needed.

Respectfully submitted,

LOIS BARTON, R. N.

Public Health Nurse
